Summary of Items Observed:

On this date CALTRANS OSM Quality Assurance (QA) Inspector, Mr. Paul Dawson, arrived on site at the Zhenhua Port Machinery Company (ZPMC) facility at Changxing Island, in Shanghai China, for the purpose of monitoring welding and fabrication of the San Francisco / Oakland Bay Bridge (SFOBB) components. This QA Inspector performed the following:

This Quality Assurance Inspector performed documentation review of the NWIT system utilized by Caltrans METS. This QA Inspector has identified the Non-Destructive Testing (NDT) for each NWIT performed on the SFOBB in China at ZPMC facility. This includes UT, MT, and RT for each NDT Inspector. This information once it is compiled is sent to the corresponding Inspector and his/her Lead inspector for further documentation and review.

Summary of Conversations:

See Above.

Comments

This report is for the purpose of determining conformance with the contract documents and is not for the purpose of making repair or fit for purpose recommendations. Should you require recommendations concerning repairs or remedial efforts please contact James Devey +8615000026784, who represents the Office of Structural Materials for your project.
